

ADEENA ARSALAN

Front-End Developer

I am an aspiring front-end developer, currently learning and working with HTML, CSS, and JavaScript. I focus on building responsive and interactive websites while continuously improving my coding skills. Passionate about problem-solving and web development, I am dedicated to mastering modern front-end technologies.

EDUCATION

- Aptech (2023 - 2026) – ACCP-AI (In Progress)

PROJECTS

- Developed multiple interactive web pages focusing on modern and responsive design.
